DEDICATED TO MR. HARRISON

As the director of Choral Music and sponsor of the *MUSTANG* annual, Mr. Paul Harrison has dedicated much time and energy to the betterment of North Shore Senior High. In his eight years at our school, he has done much to develop an appreciation of the arts among the students. He has been a friend and devoted teacher to many students, and has earned the respect of all. We, the *MUSTANG* staff, would like to express our appreciation to him by dedicating the 1970 *MUSTANG* to Mr. Harrison.

Though memories sometimes grow vague, pictures and words never fade from the printed page. In this year's annual I hope we have preserved many reminescent moments for your future years. With great pride, we now present to you the 1970 *MUSTANG*.

ADMINISTRATION

MR. W. C. CUNNINGHAM

SUPERINTENDENT OF SCHOOLS

Throughout the school years, Mr. W. C. Cunningham has proven to be an important figure in the administration of school affairs and promotion of public relations. He supervises all school policies and distributes funds throughout the school system.

As superintendent of this school district, Mr. Cunningham has many obligations, but he finds time to relax by enjoying his favorite pastimes of hunting and fishing. We would like to take this opportunity to express our gratitude to Mr. Cunningham for helping make this school a great success.

Our Principal

"YE SHALL KNOW THE TRUTH, AND THE TRUTH SHALL MAKE YOU FREE"

Our faculty, believing in the uniqueness, the right of self expression, and the dignity of each individual student, has attempted to provide an atmosphere whereby in learning students may discover but continue to search, may answer but still question, may perceive but still pursue, and may listen but still speak.

Through academic growth, leadership, self-reliance, and respect for learning this student body has met the challenge.

In the years to come may we, as students and faculty, continue to strive together for quality education that has as its ultimate goal the benefit of all mankind.

Robert R. Bartay

Vivian Thomas, Secretary to Mr. Bartay

Our Assistant Principal

Our Assistant Principal has a hard but rewarding job helping students in everyday school life.

To the student body of North Shore Senior High, it has been a pleasure to work with you on the many school projects to which you have contributed so willingly and faithfully. My congratulations to you on your many accomplishments.

To the Annual Staff, my commendation on such a splendid book.

May all the good things of life always be yours.

Sincerely,

SONG—"You'll Never Walk Alone"
MOTTO—A moment's insight is sometimes worth a life's experience.

1970

The Senior Class of 1970 is to be commended for the vast amount of energy it has expended through proper channels to improve the quality of student life at North Shore Senior High. You have worked diligently for the things you wanted—for the things you felt were needed. To your credit is a greater student voice in the making of policy regarding student dress and actions.

Needed Evolutionary change is made possible when administrators and faculty listen to what students have to say. Administrators and faculty listen to students who present constructive criticisms accompanied by proposed remedies.

As your teacher of government—as an observer of your excellent leadership of this year's student body—I congratulate you. You have performed your task well.

Mrs Ruth Cooper

There is an old saying that variety is the spice of life. If true, and up to a point I am inclined to agree that it is, this senior class of 1969-1970 has all the elements to make it one of great interest. As I see this group they in all truthfulness range from the sublime to the ridiculous. We are all aware of the generation gap and it seems to me that within our senior class there are generation gaps within the generation gap. The division within this group is so varied until I find it difficult to name them all. In an attempt to be entirely fair and honest with the group let me say, at the outset, that the leadership which was chosen by the class seems to have been the strongest and most co-operative of any senior class we have had in recent years. In spite of this, the group as a whole is composed of the haves and the have nots, the wills and the wonts, the cans and the cants, the profane and the pious, the militant and the apathetic, the aggressive and the meek, just to name a few. In spite of these great differences my personal contact with the group has been pleasant. In spite of your faults, which all human beings have, you are, and this I mean sincerely, basically all fine young citizens. As a result of my faith in humanity in general, and young Americans specifically, I believe your differences will resolve themselves and you will unite behind a common cause working for a better society in which to live. In conclusion I would like to wish each of you the very best of luck and may God bless you.

Robert L West

Robert L. West

The seniors of 1969-70 made a great deal of progress during the school year. Despite some evidence of an abundance of immaturity at the beginning of the year, the class as a whole showed growth. Their ability to learn certainly shows promise for the future. I have enjoyed them!

What kind of persons, what kind of leaders will be needed for this Brave New World of 1984? From this senior class, I am sure will come young men and young women who will be contributors, who will be innovators, who will be leaders, and who through their achievements will become the dedicated persons that 1984 will require.

Mary Rose Free

In every gathering of people there proves to be a few leaders. This gathering of 1969-1970 graduates is no exception. Many prefer to follow, which works very well since all cannot lead. However, in my three years at North Shore the leaders have not worked better together than these have. The followers need to follow better. The common demoninator for success for the entire class of seniors will be work as they exit their public school life. Many already possess this important ingredient. Unfortunately some do not.

Good Luck

The senior class has above average leaders, and all have worked together to make the class of 1970 one that shall long be remembered. It has been a pleasure working with such fine students.
